President's Welcome

On behalf of the Board of Directors of the Poultry Science Association and the Annual Meeting Program Committee, I would like to welcome you to Orlando and the 106th PSA Annual Meeting.

The venue for this year's meeting is the fabulous Orlando World Center Marriott in Orlando, which offers a great variety of activities for families and world-class facilities for meeting participants. The meeting begins with the welcome address and reception—now moved back to the traditional Sunday evening spot—but with a more casual and outdoor feel suitable for the location. The location for the BBQ dinner also has a unique "Florida feel,"

as Gatorland hosts this annual event, which is sure to be fun-filled for the whole family.

The main events for the week are the scientific programs planned by the Annual Meeting Program Committee, led by Deana Jones. The program this year contains 11 symposia from a variety of disciplines, including the recurring National Poultry Extension Workshop and Informal Nutrition Symposium, 577 scientific presentations, and the WPSA Lecture. The scientific sessions begin with the student competition presentations on Monday and Tuesday mornings.

The Board also wishes to extend our sincere appreciation and thanks to the generous support of all of our sponsors. The importance of our sponsors cannot be overstated and they continue to make the meeting affordable for all attendees. Signs are posted throughout meeting halls to help thank our sponsors, and we encourage you to personally thank company representatives who have helped sponsor the meeting.

We also wish to extend our appreciation to the PSA leadership and staff—particularly Executive Director Steve Koenig, Director of Business Operations Jon Cole, and Managing Editor and Communications Director David Busboom—for their hard work and oversight in organizing and coordinating our meeting. Thanks to Debi Seymour as well, who again leads the FASS meeting planning team and continues to provide excellent services to our Annual Meeting.

So welcome to Orlando, which this week will not only be home to the "Happiest Place on Earth" but also to the over 1,100 members of the Poultry Science Association and our 106th Annual Meeting.

Randolph D. Mitchell
PSA President 2016–2017

2017 Annual Program Committee

Membership

Membership in the Poultry Science Association (PSA) is not required to attend this meeting. All that is needed is an interest in the field of poultry science. The difference, however, between the member and nonmember registration fee makes it very attractive to join PSA. Members also receive other discounts throughout the year and free online access to the *Poultry Science* journal, at reduced publishing charges making PSA membership both cost effective and beneficial. You may go online to <http://www.poultryscience.org/join.asp> or download the application and send to the PSA headquarters office: 701 Devonshire Drive, C-51, Champaign, IL 61820.

Important Reminders!

Badges

Wear your meeting badge! It is your admission to all special events and meal functions.

Tickets

Keep your tickets. Tickets for special events will be collected at the door or table for the appropriate event. Event name, location, and date will appear on the ticket—please be sure to give the ticket-taker the appropriate ticket.

Photo Policy

Use of cameras, video cameras, and smartphones (for calls or audio/video recording) **is strictly prohibited during oral and poster presentations** to minimize disruption and unauthorized dissemination of data. Anyone found in violation of this policy will be asked to leave the session.

Poster Presentation

The boards will be **42 inches wide and 48 inches high**, so please do not exceed your allotted space. Poster viewing will be on Monday afternoon through Thursday morning. Posters must be in place by 3:00 pm on Monday, July 17.

Students participating in the Student Award of Excellence Competition are REQUIRED to be present by their poster during the competition, which will be held on Tuesday, July 18, from 4:00 pm to 6:00 pm. The exhibit hall will be closed to all but those competing in the Student Competition from 4:00 pm to 5:00 pm.

Presenting authors, including students, are REQUIRED to be present by their poster from 5:00 pm to 6:00 pm on Tuesday, July 18, for the the Suds and Spuds Reception—Exhibit and Poster Viewing. Failure to display an accepted poster and be present during the mandated poster time at the annual meeting may result in the rejection and removal of the abstract from the electronic version of the conference proceedings. All posters must be removed by the author by **12:00 pm on Thursday, July 20.**

On-Site Presentation Upload

On-site presentation upload will be available; files can be delivered to the Preload Room located in Boston at the Orlando World Center Marriott. No presentations will be loaded while the session is in progress, between presentations, or during breaks. Files will not be accepted via e-mail.

Oral Presentations

All oral presenters in symposia and scientific sessions must upload their presentations online or onsite. You may upload your presentation online before 11:59 pm CDT on Wednesday, July 12, 2017, at <http://www.poultryscience.org/psa17/uploads.aspx>. You are encouraged to upload your presentation online. If you do not upload it online, you must upload your presentation in the **Boston** room at the Orlando World Center Marriott before the relevant onsite upload deadline.

PSA staff will preload the presentations in the session rooms before the beginning of the session. Presentations can NOT be loaded in the session rooms by the presenters. Files will NOT be accepted by e-mail. The use of personal laptop computers for presentations in the session rooms is NOT permitted.

All presentations must be in Microsoft PowerPoint or Adobe PDF format. PowerPoint is recommended over PDF. It is strongly recommended that you embed all fonts. Each session room will be equipped with a laptop computer configured with Microsoft PowerPoint 2010 or newer, a software DVD player, and the latest versions of Acrobat Reader, Windows Media Player, and QuickTime Player; an LCD projector; and voice amplification equipment. Computer audio will NOT be amplified. Internet access will NOT be available.

Onsite Uploads

Presentations must be uploaded in the **Boston** room at the Orlando World Center Marriott. Presentations can be uploaded from USB sticks/drives. The deadline for uploading each presentation is based on the day/time of the session it will be presented in. You are encouraged to upload your presentation as early as possible.

Monday Morning Oral Presentations	Presentations must be uploaded before 7:00 pm on Sunday.
Oral Presentations in Morning Sessions (Tuesday–Thursday)	Presentations must be uploaded before 4:00 pm the day prior to the presentation.
Oral Presentations in Afternoon Sessions (Monday–Thursday)	Presentations must be uploaded before 10:00 am on the day of the presentation.

Preview Room

Boston, at the Orlando World Center Marriott, will be available for presenters to plug in their personal laptop computers and preview their presentations. Please remember that the use of personal computers will only be allowed in the preview room. Personal computers in session rooms will not be permitted.

PSA Career Center

Palms Ballroom Hall

Post your job opening with the Poultry Science Association.

PSA would like its members affiliated with companies, universities, or governmental agencies to participate in the 2017 PSA Career Center. If you know of a job opening, please place your information at the PSA Career Center before the meeting. Employers and job seekers are encouraged to visit and post their information online at <http://careers.poultryscience.org/>.

Continuing Education

This meeting is worth up to 23 ARPAS Continuing Education Units.

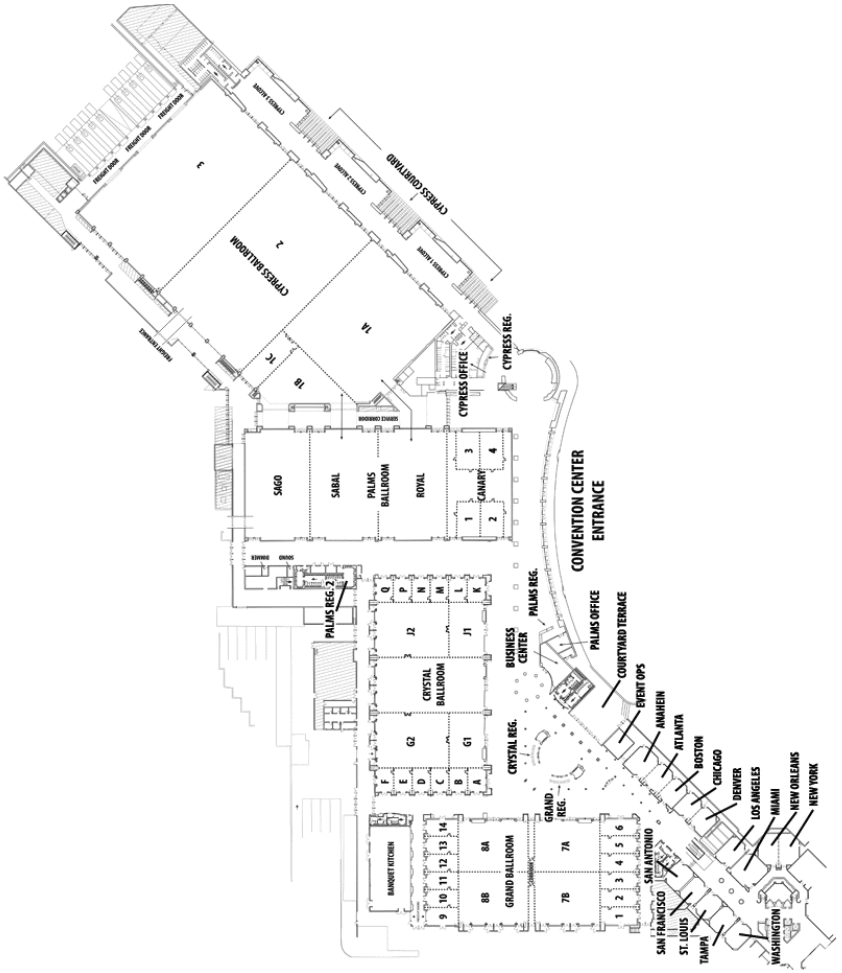

Mobile MyProgram—An Easier Way to Plan Your Schedule

The MyProgram planner is now mobile. Mobile MyProgram provides PSA 2017 attendees with convenient access to the conference schedule via most mobile devices. With Mobile MyProgram, the PSA 2017 program is more convenient than ever. Mobile MyProgram includes a personal scheduler for symposia, sessions, and events you wish to attend, and you can access and share abstracts for all presentations, find exhibitors, and more, making it easier than ever to plan your meeting while on the go. Visit <http://m.poultryscience.org/> today.

PSA 2017 Special Events

Opening Reception

This year the opening reception will take place at the Orlando World Center Marriott, West Terrace, located past the pool area, on Sunday evening from 5:30 pm–7:00 pm. There will be a short welcome message from PSA's president, Randy Mitchell. Hors d'oeuvres will be served from 5:30 pm–7:00 pm with a cash bar. Please plan to attend to get a great start for the 106th Poultry Science Association Annual Meeting.

Suds and Spuds Reception

Following the sessions on Tuesday afternoon, from 5:00 pm–6:00 pm, join us in the Sabal Ballroom for the first ever Suds and Spuds Reception. Meet the exhibitors and visit with the poster presenters.

WPSA Lecture

The WPSA lecture, titled "History and future of genetically engineered food animal regulation," will be given on Wednesday morning, starting at 8:00 am, in the Royal Ballroom of the Orlando World Center Marriott, by Kevin Wells, University of Missouri. All meeting participants are invited to attend.

PSA Business Meeting

The Poultry Science Association business meeting will take place on Wednesday morning. Join us after the break, from 10:00 am to 12:00 pm, in the Royal Ballroom for the PSA business meeting, at the Orlando World Center Marriott.

Ice Cream Social

The ice cream social will be held on Wednesday afternoon at 3:00 pm in the Sabal Ballroom. Enjoy a sweet treat and get reacquainted with old friends.

PSA BBQ

When the sun goes down, the swamp comes alive! For more than 60 years, Gatorland (<http://www.gatorland.com>) has been creating fun, smiles, and special memories for millions of visitors who have entered through its world-famous gator mouth entrance. Join us for some up-close encounters with fascinating creatures from around the globe as well as Florida's largest alligators. Watch as the bravest daredevils grab a 7–8 foot alligator by the tail for an "Old Florida" match of man versus beast. Clip in and zip off on an exciting outdoor adventure with the Gator Gauntlet Zip Line. Your journey will take you along 350 feet of high-flying, heart-pounding adventure. Soar through the air and defy gravity over one of the theme park's star attractions before heading over the Alligator Breeding Marsh, complete with one hundred and thirty giant alligators watching from below. Dinner service will start at 6:00 pm. Shuttle service will be provided starting at 5:30 pm from the Orlando World Center Marriott Convention Center Entrance, with return service beginning at 7:30 pm. There will be music for your dancing and listening pleasure from Derek and the Slammers. Don't miss this exciting, family-oriented event.

Tickets are required for this event.*

PSA, WPSA–USA Student Mixer

This year's student mixer will be held at the WhirlyDome (<http://www.whirlydome.com>). This is a great place to hang out and get to know your fellow PSA students. There will be whirly ball, laser tag games, food, and fun. Shuttle service will begin at 9:00 pm from Gatorland and the Orlando World Center Marriott Convention Center entrance. Return bus service will begin at 10:30 pm, and run until 12:30 am. WhirlyDome is the perfect destination for anyone looking to have fun and get acquainted with fellow students.

Tickets are required for this event.*

Chicken Trot Fun Run

This year's Chicken Run will take place along the jogging course of the Orlando World Center Marriott on Thursday morning. The registration fee includes a t-shirt. Meet in the hotel lobby at 5:45 am, the run will begin at 6:00 am.

PSA Awards Celebration

Please join us as we share an evening of honoring the 2017 award winners. All meeting participants, spouses, and friends are welcome to attend this annual event. The celebration will be held on Thursday in the Royal Ballroom of the Orlando World Center Marriott. Please be sure to purchase your ticket in advance. There will be a limited number of tickets available for purchase at the registration desk. **Tickets are required for this event.***

Booth 1

Since 1990, Osprey Biotechnics has been producing *Bacillus* probiotics in our Sarasota, Florida facility. By freeze drying our beneficial bacteria, we produce 100% viable spores that survive the heat pelleting process to be delivered via feed. Microlife L, *Bacillus licheniformis* is a patented strain selected to enhance GIT microflora and composition by our in-house research and development team. In consultation with experts in the poultry industry, we characterized this specific strain to play a specific role in the growing need for antibiotic-free production. Our Microlife Direct Fed Microbials assure affordable gut health at a fair minimum everyday cost.

SYMPOSIA AND ORAL SESSIONS

Student Competition: Metabolism and Nutrition I

Chair: Justin Fowler, University of Georgia

Moderator: Pramir Maharjan, University of Arkansas
Royal

- 8:00 AM 1 **Effect of different fat sources in parental diets on nutrient metabolism in pigeon squabs.**
Xueping Wan*¹, Peng Xie³, Xinyang Dong¹, Xiaoyun Zhang¹, Zhu Bu², and Xiaoting Zou¹, ¹*Zhejiang University, Hangzhou, China*, ²*Chinese Academy of Agricultural Sciences, Yangzhou, China*, ³*Huaiyin Normal University, Huaian, China*.
- 8:15 AM 2 **Comparison of two net energy calculations of two broiler strains with varying levels of metabolizable energy in two different temperatures.**
Katie Hilton*², Garret Mullenix², Michael Schlumbohm², Justina Caldas², Judith England², Maria Cortes², Victor Naranjo¹, and Craig Coon², ¹*Evonik Nutrition & Care, Hanau-Wolfgang, Germany*, ²*University of Arkansas, Fayetteville, United States*.
- 8:30 AM 3 **Evaluation of manganese methionine in laying hens diet.**
Xiaoyun Zhang*, Xinyang Dong, Minyao Zhou, and Xiaoting Zou, *Zhejiang University, Hangzhou, China*.
- 8:45 AM 4 **Effects of various cultivars of hulled and hullless barley on broiler amino acid digestibility and performance.**
Kolby Foltz*, Levi Gardner, Stuart Hill, Carl Griffey, Wynse Brooks, Wade Thomason, and Michael Persia, *Virginia Tech, Blacksburg, VA*.
- 9:00 AM 5 **Effects of crumble particle size on d0-14 Ross x Ross 708 male broiler performance.**
Mark Lemons*¹, Christopher McDaniel¹, Joseph Moritz², and Kelley Wamsley¹, ¹*Mississippi State University, Mississippi State, MS*, ²*West Virginia University, Morgantown, WV*.
- 9:15 AM 6 **Physicochemical characterization of feed-grade zinc oxide sources.**
Denise Cardoso*¹, Yves Chevalier², and Agnes Narcy³, ¹*ANIMINE, Sillingy, France*, ²*University of Lyon, Villeurbanne Cedex, France*, ³*INRA, Nouzilly, France*.

- 9:30 AM 7 **Impacts of xylanase and β -glucanase inclusion in corn-soy diets on performance, relative gizzard weight, energy digestibility and volatile fatty acid production of male broilers.**
Kyle Brown*¹, Cody Flores¹, Gemma González-Ortiz², and Jason Lee¹, ¹Texas A&M University, College Station, TX, ²AB Vista, Marlborough, United Kingdom.
- 9:45 AM 8 **The effects of diet formulation and degree of processing on 18-d broiler performance and amino acid digestibility.**
Ariel Bergeron*, John Boney, and Joseph Moritz, *West Virginia University, Morgantown, WV.*
- 10:00 AM **Break.**
- 10:30 AM 9 **Evaluating the response of Cobb 500 \times MV broilers to varying amino acid density regimens for a small bird program.**
Rosana Hirai*¹, Leonel Mejia², Cesar Coto², Justina Caldas², Christopher McDaniel¹, and Kelley Wamsley¹, ¹Mississippi State University, Mississippi State, MS, ²Cobb-Vantress, Siloam Springs, AR.
- 10:45 AM 10 **Uptake of ten minerals in Cobb 500 yolk during incubation and after hatch.**
Ryan Hopcroft*, Wendy Muir, and Peter Groves, *University of Sydney, Sydney, New South Wales, Australia.*
- 11:00 AM 11 **Evaluation of a super-dose of phytase in reduced nutrient density diets on laying hen performance.**
Kyle Smith*¹, Hunter Walters¹, Nelson Ward², and Jason Lee¹, ¹Texas A&M University, College Station, TX, ²DSM Nutritional Products, Ringoes, NJ.
- 11:15 AM 12 **Evaluation of multiple phytase enzymes and levels on broiler performance when utilizing an elevated phytase matrix value including minerals, energy, and amino acids.**
Christopher Eagleson*², Kyle Smith², Yueming Dersjant-Li¹, Milan Hruby¹, and Jason Lee², ¹DuPont Industrial Biosciences, Woodbury, MN, ²Texas A&M University, College Station, TX.
- 11:30 AM 13 **Evaluation of a phytogetic feed additive on turkey poult performance and nutrient digestibility.**
Charles Zumbaugh*², G. Raj Murugesan¹, and Michael Persia², ¹Biomim America Inc, San Antonio, TX, ²Virginia Tech, Blacksburg, VA.

- 11:45 AM 14 **Effect of hydrolyzed yeast and yeast cell wall as alternatives to zinc bacitracin on performance of broilers from 1 to 42 days.**
Jose Rivera*², Lucio Araújo², Melina Bonato¹, Ricardo Barbalho¹, Liliana Borges¹, and Cristiane Araujo², ¹ICC Brazil, São Paulo, São Paulo, Brazil, ²University of São Paulo, Pirassununga, São Paulo, Brazil.

Student Competition: Metabolism and Nutrition II

Chair: **Woo Kyun Kim, University of Georgia**

Moderator: **Kurt Perryman, Micronutrients Sago**

- 8:00 AM 15 **Effect of corn particle size during the starter and grower periods on broiler performance.**
Andrea Rubio*, Allan Pinto, Joseph Hess, and Wilmer Pacheco, *Auburn University, Auburn, AL.*
- 8:15 AM 16 **Evaluation of an encapsulated sodium butyrate with varying releasing times on broiler performance, energy digestibility, gut development and *Salmonella* colonization.**
Jundi Liu*², Hacı Bayir², Douglas Cosby¹, Nelson Cox¹, and Justin Fowler², ¹US Department of Agriculture, Athens, GA, ²University of Georgia, Athens, GA.
- 8:30 AM 17 **Effect of dietary glycine+serine levels on low-protein diet with different levels of sulfur amino acids on performance, pectoral muscle creatine and relative breast weight of broilers.**
Paschal Aguihe*², Alice Murakami¹, Iván Camilo Ospina-Rojas¹, Kelly Kunes¹, and Eustace Iyayi², ¹Universidade Estadual de Maringá, Maringá, Brazil, ²University of Ibadan, Ibadan, Ibadan, Nigeria.
- 8:45 AM 18 **Effects of increasing zinc hydroxychloride level on male growth performance and breast meat yield.**
Austin Jasek*¹, Kyle Brown¹, Terri Parr², and Jason Lee¹, ¹Texas A&M University, College Station, TX, ²Micronutrients USA LLC, Indianapolis, IN.
- 9:00 AM 19 **The effect of four rearing programs on heat production (HP) and body composition of broiler breeders.**
Michael Schlumbohm*¹, Katie Hilton¹, Garret Mullenix¹, Antonio Beitia¹, Pramir Maharjan¹, Maria Cortes¹, Justina Caldas², Judith England¹, and Craig Coon¹, ¹University of Arkansas, Fayetteville, AR, ²Cobb-Vantress, Tontitown, AR.

- 9:15 AM 20 **Effect of a 60% protein soybean meal diet, feed particle size, and Rovabio Advance on poult live performance to 20 d of age.**
Karlinton Flores*, Jesse Grimes, Ramon Malheiros, and Adam Fahrenholz, *North Carolina State University, Raleigh, NC.*
- 9:30 AM 21 **Effects of inorganic trace mineral sulfates, organic trace mineral proteinates, or a mixture of the two on broiler breeder egg production and egg characteristics.**
Coltin Caraway*¹, John Brake¹, and Gregory Page², ¹*North Carolina State University, Raleigh, NC,* ²*Trouw Nutrition Agresearch, Guelph, ON, Canada.*
- 9:45 AM 22 **Determining the efficacy of two carbohydrase enzymes in commercial diets on d 0-57 broiler performance.**
Courtney Ennis*, Aaron Kiess, Wei Zhai, Christopher McDaniel, and Kelley Wamsley, *Mississippi State University, Mississippi State, MS.*
- 10:00 AM **Break.**
- 10:30 AM 23 **Evaluation of two enzyme composites in reduced nutrient density diets on laying hen performance.**
Cody Flores*¹, Kyle Smith¹, Nelson Ward², and Jason Lee¹, ¹*Texas A&M University, College Station, TX,* ²*DSM Nutritional Products, Ringoes, NJ.*
- 10:45 AM 24 **Does a diet with no added copper have adverse effects on laying hens under different temperatures?**
Wenxiang Li*, Yuanqing Chen, Lihong Zhao, Qiugang Ma, Jianyun Zhang, and Cheng Ji, *China Agricultural University, Beijing, China.*
- 11:00 AM 25 **Effects of broilerization and non-broilerization on pureline broiler breeder fertility, hatchability, chick quality, egg composition and body composition.**
Antonio Beitia*², Justina Caldas¹, Katie Hilton², Garret Mullenix², Michael Schlumbohm², Pramir Maharjan², Maria Mayorga², Judith England², and Craig Coon², ¹*Cobb-Vantress, Siloam Springs, AR,* ²*University of Arkansas, Fayetteville, AR.*
- 11:15 AM 26 **Phytase effect on amino acids, Ca, and P digestibility in laying hen fed with graded levels of digestible lysine.**
Ingrid Y. Martinez Rojas*¹, Ernesto Avila¹, Jose Arce Menocal³, Gilson Gomes², and Carlos Lopez¹, ¹*Universidad Nacional Autónoma de México, Mexico City, Mexico City, Mexico,* ²*AB Vista, Marlborough, United Kingdom,* ³*UMSNH, Morelia, Michoacan, Mexico.*

11:30 AM 27 **Evaluation of a yeast cell wall product in soybean and soybean free diets using Hy-line Brown layers.**
Morouj Al-Ajeeli*¹, Shawna Peer¹, Raghad Abdaljaleel¹, Mohammed Hashim¹, Hector Leyva-Jimenez¹, Thomas Gaydos², Giridhar Athrey¹, and Christopher Bailey¹, ¹Texas A&M University System, College Station, TX, ²Phileo Lesaffre, Milwaukee, WI.

Student Competition: Management and Production I
Chair: **Richard Blatchford, University of California, Davis**
Moderator: **Kenneth Koelkebeck, University of Illinois**
Crystal J1

8:00 AM 28 **Effects of atmospheric pressure change on broiler breeder egg production.**
Joshua Deines*, Doug Yoho, and R. Bramwell, *University of Arkansas, Fayetteville, AR.*

8:15 AM 29 **Can rearing feeding strategies improve the laying performance of broiler breeders?**
Aitor Arrazola*, Tina Widowski, Michele Guerin, and Stephanie Torrey, *University of Guelph, Guelph, ON, Canada.*

8:30 AM 30 **Broiler breeder laying signals: Body weight and rearing daylength.**
S. A. S. van der Klein*¹, K. L. Lovely¹, C. A. Ouellette¹, G. Y. Bédécarrats², and M. J. Zuidhof¹, ¹University of Alberta, Edmonton, AB, Canada, ²University of Guelph, Guelph, ON, Canada.

8:45 AM 31 **Hatching performance of broiler chicks provided a photoperiod during incubation.**
Kayla Graham*, Xujie Li, Janice MacIsaac, and Bruce Rathgeber, *Dalhousie University, Truro, NS, Canada.*

9:00 AM 32 **Growth and reproductive performances of broiler breeder hens under different daytime and supplemental light spectrum.**
Kayo Takeshima*¹, Martin Zuidhof², Charlene Hanlon¹, Adriana Rodriguez¹, and G. Y. Bédécarrats¹, ¹University of Guelph, Guelph, ON, Canada, ²University of Alberta, Edmonton, AB, Canada.

9:15 AM 33 **Yolk free body weight of layer chicks provided different wavelengths of LED light during incubation.**
Nilakshi Abeyasinghe*¹, Janice MacIsaac¹, Karen Schwean-Lardner², and Bruce Rathgeber¹, ¹Dalhousie University, Truro, NS, Canada, ²University of Saskatchewan, Saskatoon, SK, Canada.

- 9:30 AM 34 **Providing a photoperiod with different wavelengths LED lights on growth performance of broiler chickens during the first week of life.**
Xujie Li*¹, Kayla Graham¹, Bruce Rathgeber¹, and Janice MacIsaac²,
¹Dalhousie University, Truro, NS, Canada, ²Atlantic Poultry Research Institute, Truro, NS, Canada.
- 9:45 AM 35 **Impacts of dietary crude protein and breed selection on soil health, survivability of *Eimeria*, and crude protein digestibility in backyard poultry farms.**
Maureen Reiser*¹, Zac Williams², and Toree Bova¹, ¹University of Findlay, Findlay, OH, ²Tennessee Technological University, Cookeville, TN.
- 10:00 AM **Break.**
- 10:30 AM 36 **The effects of stocking density on turkey tom performance to 16 weeks of age.**
Kailyn Beaulac*, Henry Classen, Susantha Gomis, and Karen Schwean-Lardner, *University of Saskatchewan, Saskatoon, SK, Canada.*
- 10:45 AM 37 **Effect of stocking density on live performance and leg health on broilers up to 49 d.**
Viviana San Martín*, Edgar Oviedo-Rondón, Albaraa Sarsour, Hernan Cordova-Noboa, Pedro Ferzola, Kenneth Anderson, Jesse Grimes, and Kimberly Livingston, *North Carolina State University, Raleigh, NC.*
- 11:00 AM 38 **Effect of stocking density on carcass and cut up yields, and meat quality of broilers up to 49 d.**
Santiago Alvarez*², Edgar Oviedo-Rondón¹, Albaraa Sarsour¹, Hernan Cordova-Noboa¹, Pedro Ferzola¹, Kenneth Anderson¹, Jesse Grimes¹, and Kimberly Livingston¹, ¹North Carolina State University, Raleigh, NC, ²Universidad Nacional de Colombia, Bogota, Cundinamarca, Colombia.
- 11:15 AM 39 **Thermal manipulation of commercial lines selected for different market ages and the impact on breast meat yield and meat quality characteristics.**
Sara Orłowski*¹, James Mason², Alex Gilley¹, and Nicholas Anthony¹, ¹University of Arkansas, Fayetteville, AR, ²Aviagen, Crossville, TN.
- 11:30 AM 40 **Effects of infrared beak treatment on early pullet feed intake, water intake, and body weight.**
Sarah Struthers*, Henry Classen, Susantha Gomis, and Karen Schwean-Lardner, *University of Saskatchewan, Saskatoon, SK, Canada.*

- 11:45 AM 41 **Carbon dioxide and nitrogen infused compressed air foam for depopulation of caged laying hens.**
Shailesh Gurung*, Dima White, Gregory Archer, Dan Zhao, Yuhua Farnell, and Morgan Farnell, *Texas A&M AgriLife Research, College Station, TX.*

Student Competition: Immunology, Health, and Disease

Chair: **Lisa Bielke, Ohio State University**

Moderator: **Kayla Price, Alltech
Crystal J 2**

- 8:00 AM 42 **In vivo evaluation of acetyl-CoA carboxylase inhibitors as novel anticoccidial drug candidates in broiler chickens.**
Emily Kimminau*, Stacy Galaviz, Bill McCutchen, Jim Sacchetti, Manchi Reddy, Nian Zhou, Jason Lee, and Tri Duong, *Texas A&M University, College Station, TX.*
- 8:15 AM 43 **Impact of drinking water quality on cellular antimicrobial responses in broiler chickens.**
Juan More Bayona*, Anbu Karuppannan, Caitlin Thomson, Jeremy Wakaruk, and Daniel Barreda, *University of Alberta, Edmonton, AB, Canada.*
- 8:30 AM 44 **Evaluation of autofluorescent *Eimeria maxima* oocysts as a potential indicator of non-viability when enumerating oocysts.**
Lesleigh Beer², Lisa Bielke¹, John Barta³, Olivia Faulkner², Juan Latorre², Whitney Briggs¹, Kim Wilson¹, Mikayla Baxter², Guillermo Tellez², and Billy Hargis², ¹*Ohio State University, Wooster, OH*, ²*University of Arkansas Division of Agriculture, Fayetteville, AR*, ³*Ontario Veterinary College, University of Guelph, Guelph, ON, Canada.*
- 8:45 AM 45 **Evaluation of *Pichia* and *Bacillus* subunit vaccines for protection against *Eimeria maxima* in broilers.**
Audrey Duff^{*1}, Whitney Briggs¹, Kim Wilson¹, Kaylin Krueger¹, Leona Calhoun², Billy Hargis², Young Min Kwon², and Lisa Bielke¹, ¹*The Ohio State University, Columbus, OH*, ²*University of Arkansas, Fayetteville, AR.*
